

16th Lme

Meeting with
Coastal Partners

Paris (FR) 8 - 11 July 2014

Capacity Development

Author: **Peter Pissierssens**

Institution: **IOC-UNESCO (Oostende, Belgium)**

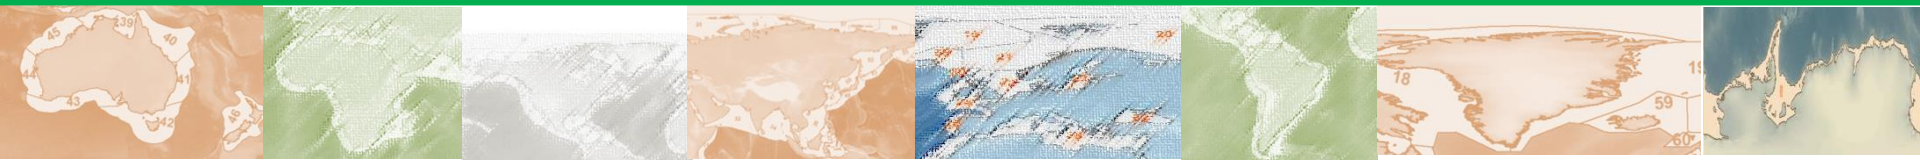

Session: **4**

Day of presentation: **Thursday 10 July (pm)**

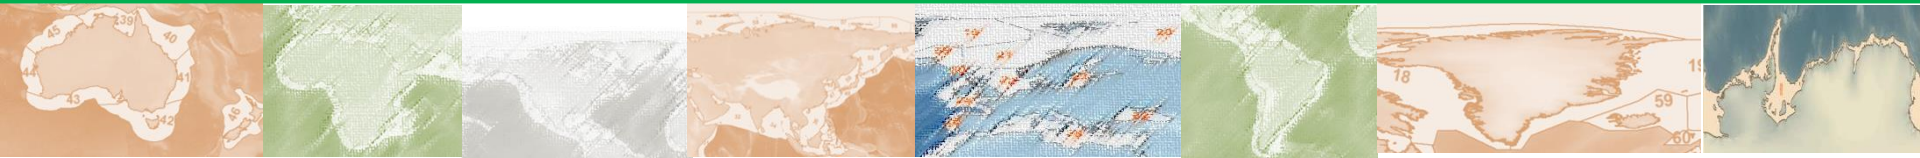

CD Expected Outcomes

1. Identify GEF LME/ICM/MSP/MPA practitioners' needs on **trainings and new techniques and approaches** for ecosystem based management, and ocean governance, including mitigation of effects of climatic variability and change in LMEs.
2. Increase **collaboration and learning exchanges South-to-South** between the GEF LME, ICM, MSP and MPA projects, and **North-to-South and South-to-North** partnerships with non-GEF marine and coastal initiatives (e.g. Seascapes) to build capacity and develop training and education materials.
3. Propose a set of **twining activities** to be implemented through the LME COP project;
4. **Increase capacity** of GEF LME, ICM, MSP and MPA project staff and practitioners, to address the new ecosystem-based governance priorities in GEF6 built through portfolio learning, partnerships, and training.

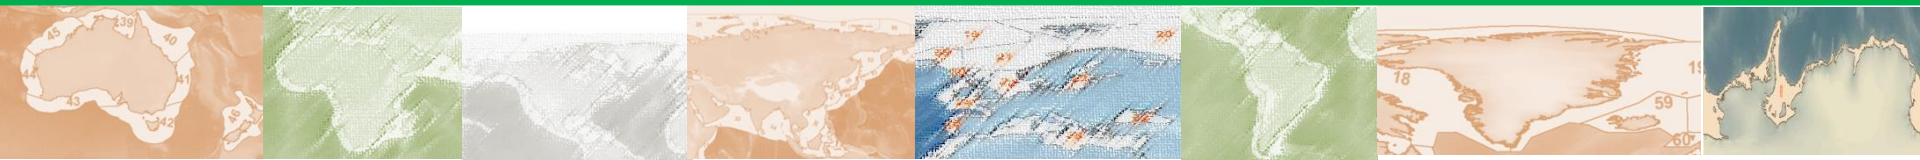

Meeting Deliverable

- (at least) 5 recommendations to be considered in the final version of the GEF LME Governance Project Document (component 3)

ProDoc: Component 3

- Capacity and Partnership building through twinning and learning exchanges, workshops, and training among LMEs and similar initiatives
 - Twinning = *scheme by which 2 projects contribute resources to mobilize personnel, expertise and mutually share their experiences*
- 7 activities planned
 1. Establish internet-based portal to facilitate twinning
 2. Develop materials for projects looking for twinning and learning exchanges (how to find twinning partners)
 3. Foster and encourage twinning and document experience
 4. Implement training strategy based on short-term CD survey (training modules – priorities identified)
 5. Develop training modules (on-site + web-based)
 6. Implement at least 6 training sessions
 7. GEF and LME projects to participate in global policy discussions (-> impact on new SDGs)
