### The joint Meeting of BP, INFO and PAP RACs Focal Points goes green

13/05/2011

The Joint Meeting of Plan Bleu, Priority Actions Program, and Information and Communication Regional Activities Centres National Focal Points took place on 11-13 May 2011 in Nice, France. This meeting followed the actions made by the Centres throughout the biennium 2010-2011 and discussed the Work programme and the budget proposal for the biennium 2012-2013.

Organized by Plan Bleu, this meeting was a “green event” aiming to contribute to Sustainable Development, before, during and after the meeting, looking for:

- Neutralized the emissions of greenhouse gases, such as CO<sub>2</sub>
- Minimized negative environmental impacts
- Awareness raising on the importance of “greening” their next events.

In order to achieve the green objectives, Plan Bleu is based on the UNEP Governing Council and MAP executive coordination panel recommendations and is following the UNEP “[Green meeting Guide 2009](#)”.
