## Transboundary Diagnostic Analysis and Strategic Action Program Development for the Lake Victoria Basin

GEFID#: 2405 GEF Agency Project ID#: P085782, Project Status: Closed

**1-Participatory stakeholders consultative process**, led to the preparation of both five national (Burundi, Kenya, Rwanda, Tanzania, and Uganda) and a regional Transboundary Diagnostic Analysis (TDA), together with the Strategic Action Program (SAP) were completed, under the coordination of the Lake Victoria.

**2-Joint Commitment by five countries to implement the adopted SAP**, which aims at addressing key transboundary issues, by promoting sustainable economic growth and reducing environmental stress in the Lake Victoria Basin.

## **PROJECT OBJECTIVE**

The objective of the project is to undertake a Transboundary Diagnostic Analysis (TDA) of the Lake Victoria Basin in order to identify a Strategic Action/Investment Program (SAP) addressing key environmental issues and poverty alleviation by promoting sustainable economic growth. The SAP will be endorsed by the Regional Policy Steering Committee (RPSC) and the Ministerial Committee on Lake Victoria Development Program (CLVDP) and with appropriate involvement of Rwanda and Burundi.

## **RESULTS: PROCESS**

### **INDICATOR 1. Completion and adoption of the Strategic Action Plan (SAP), with a framework, timeline and Financing Plan for implementation of priority activities**

The SAP was endorsed by the Council of Ministers in June 2008, but the Investment Plan for SAP implementation was not developed within the duration of the project.

### **INDICATOR 2. LCBC has been reformed, is operating more effectively and its capacity to sustainably develop LCB resources has been strengthened according to an endorsed IA.**

The Institutional Assessment (IA) was endorsed in the Extraordinary CoM (June 2008). CBOs and local stakeholders proposed and implemented projects addressing local concerns. National teams developed the National Action Plans for the implementation of IWRM.
