 **Coming soon on IW:LEARN**

by Mala Kantaria — last modified 15-Jun-2009 05:31 PM [History](#)

The team is currently working on a new, more interactive News Centre, Document Centre, Project Database and Project Map. Your comments and suggestions will be highly appreciated.

News Centre

Access global news in the International Waters scene, sourced from IW projects and reliable news sources (such as ENS, ENN, BBC), and view our e-Bulletin newsletter.

**November 2008 NOAA Coral Reef Watch's Satellite I**
This map shows the global observations of coral bleaching on Watch's satellite monitoring products including Sea Surface T Bleaching HotSpot and Degree Heating Weeks. [Read More](#)

**Atelier de formation:TDA/SAP, Cotonou, Benin**
Atelier de formation des partenaires nationaux du projet Fer versant de la Volta Le ministre de Environnement et de la pro proc'd, le lundi 15 septembre dernier, l'htel du Lac Cotonou, l

**Ocean climate fix remains afloat**
Thursday, January 29, 2009 8:31 AM
Plans to curb climate change by using plankton to draw carbon boosted. [Read More](#)

Document Centre

Quickly find the document you're looking for from the archive of learning materials, guidelines, and technical documents on International Waters management, and see the most recently posted documents.

Project Map

An interactive map allowing the user to find projects by regions.

Home Page Screenshot

The screenshot shows the IW:LEARN Home Page with the following elements and callouts:

- Callout 1:** Points to the top navigation bar containing links for [site map](#), [accessibility](#), [contacts](#), and a [log in](#) button.
- Callout 2:** Points to the **Translate** widget, which includes a language dropdown menu (currently set to Arabic) and a [Translate](#) button.
- Callout 3:** Points to the **Quick links** widget, which lists various resources: [E-bulletin](#), [Experience Notes](#), [Website Toolkit](#), [Project Websites](#), [Workshops](#), and [Jobs](#).
- Callout 4:** Points to the **What's New** widget, which displays a list of recent updates, including "Project Database - Coming Soon!" and "Coming soon on IW:LEARN".
- Callout 5:** Points to the **Projects Map** widget, which features an interactive map of Europe with various project locations marked.

Other visible elements include the IW:LEARN logo, a search bar, a calendar, and a **Contacts** button. A large banner image with the text "Sharing information and experiences about transboundary water projects... a valuable learning tool." - GEF is also present.

- 1 Improved Navigation
- 2 Available Widgets for User Customisation
- 3 Highlights Spotlight
- 4 Drag and Drop Capability
- 5 Interactive Map

Project Database & Map Screenshots

Map interface showing project locations and filters.

Map: A world map with green pin markers indicating project locations. The map is powered by Google and includes a navigation toolbar on the left. A yellow box labeled '1' is placed on the map.

Filters:

- Region:** Asia (selected)
- Agency:** (dropdown menu open showing options: Central Africa, Northern Africa, Southern Africa, Western Africa, Americas, Caribbean, Central America, Northern America, Southern America, Europe, Eastern Europe, Northern Europe, Southern Europe, Western Europe, Asia)
- Project type:** All
- Project status:** All

Climate change has doubled forest mortality
 Posted: Fri, 23 Jan 2009 08:01:00 EST
 The death rate of the most stable and resilient forests in western North America has doubled during the past few decades as the climate has warmed, according to research to be published Friday. The increased mortality suggests future landscapes will be thinner, sparser and far more susceptible to widespread diebacks. [Read More](#)
