LETTER OF ENDORSEMENT

I express my deepest gratitude for our fruitful cooperation and hope for its further continuance and development.

Ministry for Nature Protection of Republic of Tajikistan supports «Community Watershed Development Project», developed by World Bank experts and work group on preparing of National Strategy on Biodiversity, and takes part in component concerning biodiversity on behalf of Scientific-Research Laboratory on Nature Protection of Ministry for Nature Protection as a partner under the project development and implementation. The person responsible for the project implementation is a National Focal Point on biodiversity in Tajikistan Safarov Neimatullo Makhmadulloevich.

Project will promote the conservation of unique mountain biodiversity of global significance and provide its sustainable use and its harmonious development together with rain fed cultivation.

Sincerely yours,

GEF National Focal Point

in Republic of Tajikistan

Minister for Nature Protection

U. Shokirov.
