

Adaptation to Climate Change in the Nile Delta through Integrated Coastal Zone Management

Author: Mohamed Ahmed Ali

Institution: Ministry of Water Resources and Irrigation - Egypt

Session: 7 – Mainstreaming Climate Change Issues in LME/MPA/ICM/MSP Projects

Day of presentation: 8 December 2016

Overview

Why?

Where?

Who?

How?

Project rationale

Challenges

Erosion and land loss

Sedimentation

Degradation
and pollution

Challenges

Deterioration of the defences

Competing demands

Climate Change

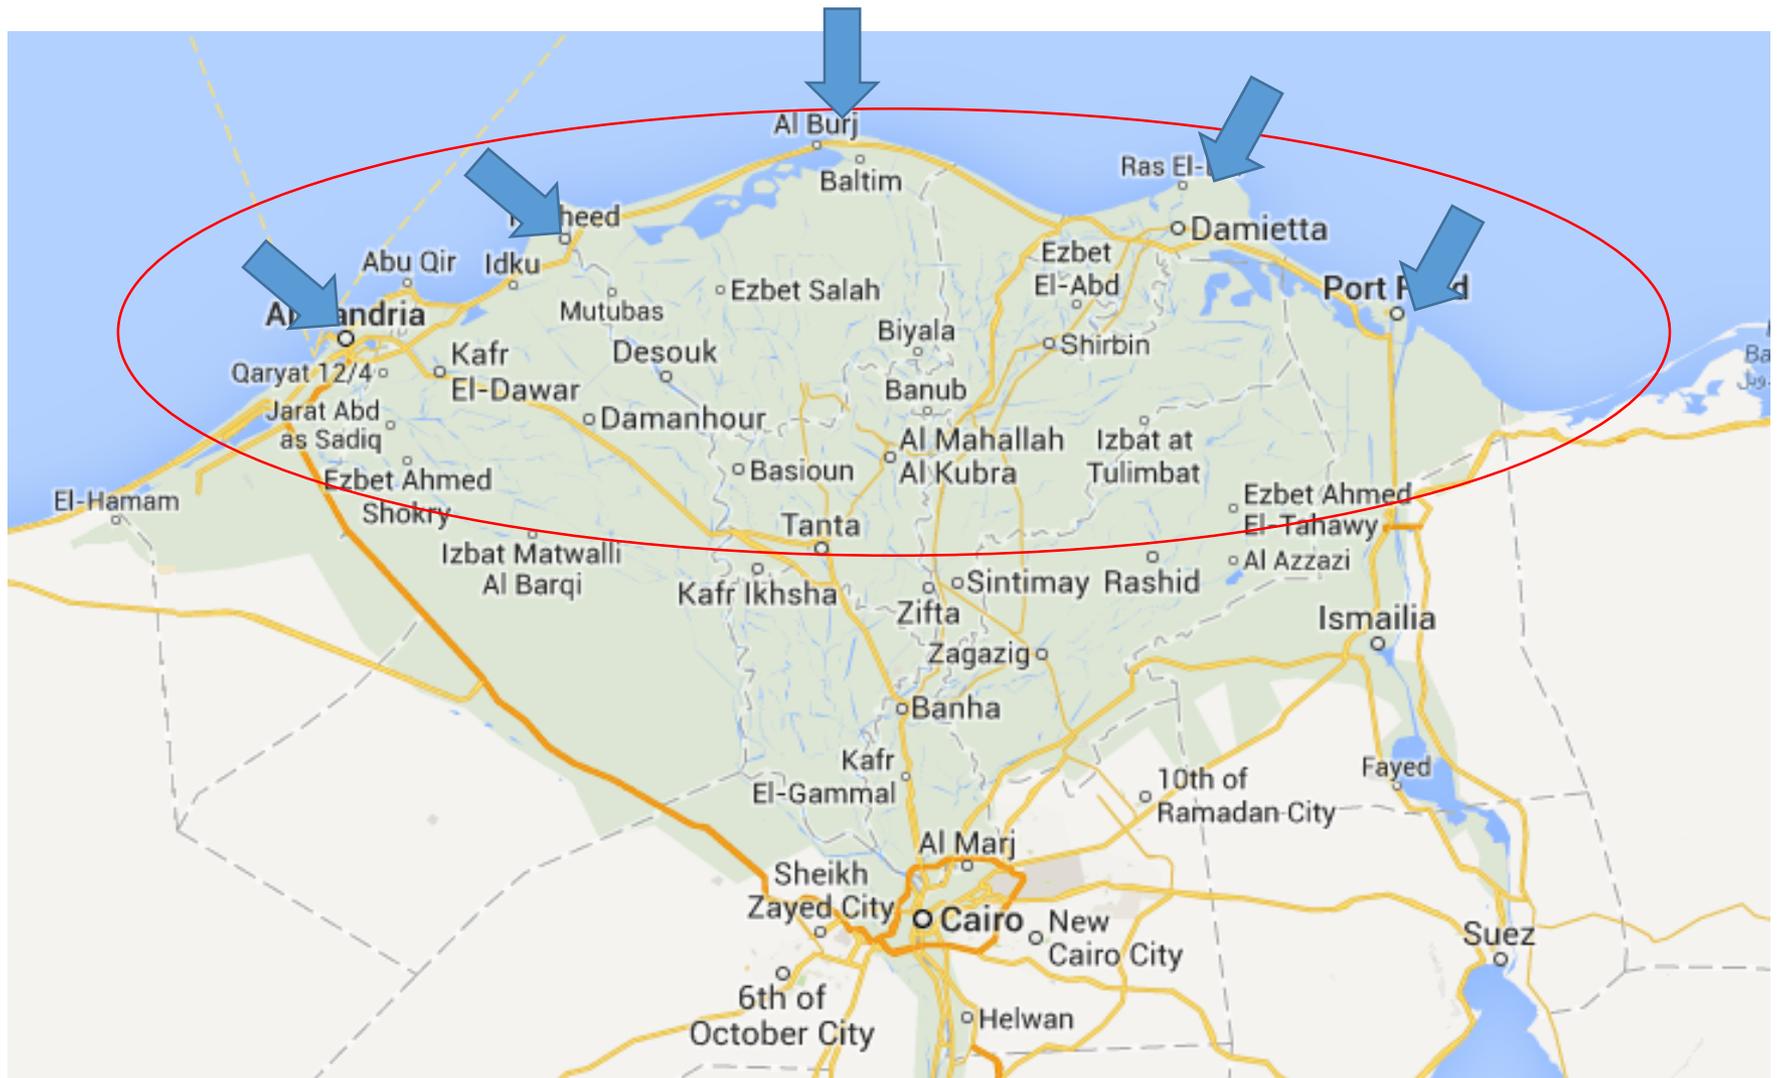

Main Goal

To enhance Egypt's resilience and reduce vulnerability to Climate Change impacts in the Nile Delta.
