

## **UNDP's STRATEGIC INITIATIVE FOR OCEAN AND COASTAL MANAGEMENT (SIOCAM)**

SIOCAM is a Global UNDP Programme with the goal of enhancing the capabilities of existing and future ocean and coastal management projects through the systematic identification, documentation and sharing of best practices and lessons learned.

SIOCAM results by objective 1997-2000:

### **Assess Needs and resources of Projects**

First Assessment of 5 UNDP coastal projects, 1996, New York  
Second Assessment of all UNDP, UNEP and World Bank GEF IW projects, 2000, Budapest

### **Establish Training and Information Networks**

GLO/98/ G33 IW:LEARN (information exchange) and  
GLO/98/G35 Train-Sea-Coast (course development and sharing)  
SIOCAM Web Site [siocam.sdn.undp.org](http://siocam.sdn.undp.org)

### **Identify, Document and Disseminate Best Practices and Resources**

Case descriptions of best practices on Web Site  
Coastal Management Appraisal Manual (With URI)  
Integrated Convention Management Table linking actions to 6  
Conventions/Agreements

### **Enhance UNDP Support for Donor Coordination Activities**

Strategy for International Fisheries Research (SIFAR)  
International Coral Reef Initiative (ICRI)  
World Commission on the Oceans  
UN Ocean Atlas

### **Build up UNDP Support Capacity**

Siocam Web Site [siocam.sdn.undp.org](http://siocam.sdn.undp.org)  
UNDP Coastal Group combining IW and Marine and Freshwater  
Biodiversity  
Programme Advisory Note for project preparation  
UNDP-World Bank International Waters Partnership  
Strategic Global Projects on Ballast and Mercury from Gold Mining
